To Whom It May Concern:

The "Designing the Perfect Resume Seminar" by author, Pat Criscito, was one of the most informative and enjoyable programs sponsored by our Office. It was well received by the campus community including students and professional staff.

Pat's presentation style, which encourages audience participation, was visually and mentally stimulating. I would highly recommend the seminar and her book, Designing the Perfect Resume to any one who is looking for a refreshing way to present the latest information on resume content and design.

Sincerely,
